

FESTIVE MESSAGE FROM THE MAYOR

NALEDI LUCAS MATLOU - 2009

To all communities of Thabazimbi Local Municipal area.

I take this opportunity to extend my warm greetings to you.

Christmas is a time for families, relatives and friends to come together, and rejoice away from the usual activities that pre-occupy us throughout the year. The festive season is a time when we should let our country enjoy the best from our human kindness, Ubuntu.

Please let us remember the sick in our hospitals and at home, sometimes on their own. We should also pay homage to our elderly citizens, the pillars of our society and the bearers of wisdom.

To those who passed on this year, may their souls rest in peace in general, but we plead with them to join us in all celebrations of this festive season. They must help recharge our energies to get us ready for 2010.

We all look forward to next year with great anticipation. The FIFA World Cup Finals are but some of the highlights we are readying ourselves for. Whatever the outcome, South Africa, will be the winner, and so will all of us.

Please do not drink and drive so that we stop the carnage on our roads during the festive season. Arrive Alive!

Remember your ABCs: abstain, be faithful and condomise! Your responsible actions can help us combat the spread of HIV and AIDS.

Let us continue our march towards a South Africa that we all yearn for, a caring and prosperous country, free of crime and violence against women, children, and vulnerable people.

Working Together We Can Do More!

Have a merry festive season, a constructive and productive 2010.

NL MATLOU
MAYOR
