1 Part 1 – Adjustment Budget

1.1 Mayor's report

Hon Speaker, 1 am humbled to present before you the adjustments budget in accordance with Section 28 of the Municipal Finance Management Act 56 of 2003, which requires that before the 28th of February each year, council considers for approval, adjustments to the original budget.

Hon Speaker ,this is truly a difficult period that the Municipality is striving under as the Municipal council has just adopted and accepted the decision of the MEC of Coghsta acting within her legislated powers to place the Municipality under section 139 (1)b of the Constitution of the Republic of South Africa. I am pleased to advise that as envisaged in 2015/16 Original budget ,operational spending has been very conservative during the first half of the year, citing cash flow constraints compared to the approved allocations.

Reductions have been proposed on the approved votes to try and harmonise our second half spending to actual collections. The overall performance of the Municipality has been of concern mainly due to vast and pervasive challenges faced by our Municipality. We have seen our vehicles fleet being auctioned by long unpaid creditors and our primary bank accounts garnished during the first half of the year.

The Municipality service delivery infrastructure has aged due to many years of poor maintenance and the distribution losses have reached alarming heights, in certain instances electricity and water is being provided free of charge ie All customers under the old smart metering system Grinpal and Cash Power systems are not paying for electricity as the infrastructure has completely collapsed. Service charges losses based on the recently concluded audit reflects that, water losses are 42% and Electricity losses are 25%, this is of great concern.

It is against this background that the Municipality is proposing the adjustments in this document. No capital projects have commenced during the first half of the year and non are expected to be successfully implemented and completed during the second half of the year, citing poor financial performance as highlighted below and the need to service our long outstanding creditors. In the interim emphasis must only be given to revenue enhancing projects and that would enable that the Municipality manages to pick the low lying fruits in terms of service delivery and return on capital invested. The Municipal Infrastructure Grant programme will be implemented and administered by Waterberg District Municipality due to consistent low spending in the past years and poor management of the programme.

All capital projects initially budgeted for , (with the exception of externally funded projects), in the original budget will be deferred to the next financial year subject to them being of priority.

The Service Delivery and Budget Implementation Plan (SDBIP) has to be adjusted due to the realignment that has taken place on both the operational and capital budgets. This will affect service delivery targets and performance targets. The reviewed SDBIP will be approved as soon as it is finalised and tabled to council for consideration.

The total revised budget of the Municipality for the year is R 238 million exclusive of capital receipts from MIG, contributes assets and stakeholder funded projects.

In light of the above, I recommend Council to approve the following adjustments:

- ➤ Decrease in total municipal revenue from operations by 22% from R305 million to R238 million, due to the electricity and water losses being incurred ie Regorogile Ext 2 and 5.
- ▶ Upward adjustment on Employee benefits of 6.2% to cover the financial impact of the difference of 1.1% adjustment based on the 7.1% awarded at the bargaining council compared to the rate applied during budgeting of 6%.
- > Depreciation, amortisation were deliberately not adjusted citing lack of concrete and reliable base upon which the estimates could be drawn. The audited Fixed Asset Register was disclaimed by the Auditor General due to incorrect valuation methodology, which resulted in misstated asset and depreciation estimates.
- > Shifting of funds between projects as indicated on B5 and SB19

1.2 Budget related resolutions

The Municipal Finance Management Act (MFMA) of 2003 requires that the Municipality table and adopt the budget and budget resolutions. The format of the budget and supporting documentation is prescribed by the Municipal Budget and Reporting Regulations.

The following resolutions are placed before council for tabling and approval:

THAT

- 1. The adjustments budget for the financial year 2014-2015 be approved as contained in the Tables B1 óB10 listed below:
 - a. Table B1 Adjustments Budget Summary (Page 6)
 - b. Table B2 Adjustments Budgeted Financial Performance (Revenue and Expenditure by Standard Classification) (Page 7)
 - c. Table B3 Adjustments Budgeted Financial Performance (Revenue and Expenditure by municipal vote) (Page 8)
 - d. Table B4 Adjustments Budgeted Financial Performance (Revenue and Expenditure) (Page 9)
 - e. Table B5 Adjustments Budgeted Capital Expenditure by Vote, Standard Classification and Funding (Page 10)
 - f. Table B6 Adjustments Budgeted Statement of Financial Position (Page 11)
 - g. Table B7 Adjustments Budgeted Statement of Cash flows (Page 12)
 - h. Table B8 Adjustments Budgeted Cash backed reserves/ Accumulated surplus reconciliation (Page 12)
 - i. Table B9 Adjustments Budgeted Asset Management (Page 13)
 - j. Table B10 Adjustments Budgeted Basic Service Delivery measurement (Page 14)
- 2. The SDBIP will be adjusted to reflect the adjustments made in the budget allocation and submitted for subsequent approval by the Mayor.

1.3 Executive summary

Introduction

The Medium Term Revenue and Expenditure Framework (MTREF) for 2015/16 adjustments budget is prepared on a multi-year basis, which is in line with the MFMA Budget and Reporting Regulations (MBRR).

Budget Process

The Process Plan scheduling key deadlines was approved by council in September 2014 in compliance with the Municipal Finance Management Act. This document outlined the process of compilation of the Adjustments Budget for 2015/16. Meetings were held with all the clusters to explain the process and deadlines required to produce their respective process plans.

Income

We have made adjustments of revenue forecasts to reflect the anticipated revenue billing and collections, particularly service revenue and property rates. The smart metering project financed by the Department of Energy through SANEDI is yet to commence with the project being approved and scope finalised, implementation is set to commence as soon as procurement process is concluded.

Failure to replace the meters will further bring the Municipal finances in turmoil and it is managementsøstrong feeling that this project need not be delayed further.

The property rates revenue has been adjusted upwards to reflect the correction of errors made on implementation ie rebates were given to companies not eligible for such relief mechanisms. In addition the court case between the Municipality and the Mines is almost finalised with a possible out of court settlement. The settlement agreement on the mining Tariff from R0.99 to R0.03 was agreed and made a court order and the Municipal council is advised to accept this paving way for future budgetary processes.

Operational Expenditure

Overall operating expenditure has gone up by 12.5%. This is primarily constituted by R21.9 million upward adjustment on depreciation, a R6.7million employee related costs and impairment of receivables. Legal fees and finance charges have also increased significantly due to the number of court cases against the Municipality and the magnitude of long outstanding creditors accumulating penalties and interests.

The Municipality will continue implementing cost cutting measures as reported in the Mid year Assessment report to ensure that spending is within the current collection rates.

Capital expenditure

No capital projects are currently underway emphasis must however be given towards repairs and maintenance of the existing infrastructure to reduce distribution losses and enhance the lifespan of the distribution assets.

Funding of the adjustments budget

With the exception of the MIG grant and the Smart Metering Grant from the Department of Energy, there are no external sources of revenue anticipated during the second half of the year.

1.4 Adjustment budget tables

2 Supporting documentation

2.1 Adjustment budget assumptions

- a. The approved tariffs did not change in the adjustments budget. However, the mining tariff will be reduced from R0.99 to R0.03 Effective the 01st of July 2015 in line with the settlement agreement.
- b. Trade payable and accruals by far outweighs the expected National Government transfers in the third quarter both operational and capital. We need to improve our current collection rate from basic services to sustain the volumes of cash requirements needed and to service our immediate financial obligations.
- c. Budgeted allocations were also compared to actual for the same period. Variances were noted mainly with revenue collections and the impact thereon was cascaded to the budgeted expenditure vote, both capital and operational.
- d. Where there is overwhelming evidence or justification that an allocation for income or expenditure must be provided for, this was accommodated in the adjustments budget..
- e. We have deliberately decided not to alter original estimates on Property Plant and Equipment and depreciation due to the unreliability of the fixed asset register provided by our consultants. The Auditor general disclaimed the Municipality mainly based on incorrect valuation of municipal assets due to wrong valuation methodologies being applied.
- f. Though the budget position still remains with a surplus after effecting all the proposed adjustments, the Municipality financial status is not healthy as shown by the reserves reconciliation.
- g. The required threshold of repairs and maintenance as per National Treasury guidelines could not be met due to our ill valued asset figures, in the FAR. This has distorted the recommended ratio and the Municipality has kept the original estimates on repairs and maintenance.

| Subtotal basic service delivery | | | 58,172,000.00 | |

Prioritisation will be given to the Thabazimbi Waste Water Treatment Works project as progress has collapsed on the project.

3 Adjustment to Service Delivery and Budget Implementation Plan (SDBIP)

The Administrator will submit for approval by the Mayor revised SDBIP® based on the adjustments being approved.

The Mid-Year Budget and Performance Assessment report that was tabled at the end of January 2016 highlighted the need to adjust Key Performance Indicators for certain departments. This shall be done together with the results of the effects of this adjustment budget before submission to the Mayor for approval.

Quality certificate

I, N.S Mashamba, the Administrator of Thabazimbi Local Municipality, hereby certify that the Adjustment budget for the 201516 budget years has been prepared in accordance with the Municipal Finance Management Act and regulations made under the Act.
