Amendment of section 1 of Act 6 of 2004, as amended by section 24 of Act 19 of 2008

1.

- 1. Section 1 of the Local Government: Municipal Property Rates Act, 2004 (the principal Act), is hereby amended:
- (a) by the substitution for the definition of "agricultural purpose" of the following definition:

'agricultural [purpose] property' [in relation to the use of a means property that is used primarily for agricultural purposes but, without derogating from section 9, excludes any portion thereof that is used commercially for the hospitality of guests, and excludes the use of [a] the property for the purpose of eco-tourism or for the trading in or hunting of game;";

'mining property' means a property used for mining operations as defined in the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002);";

'multiple purposes', in relation to a property, means the use of a property for more than one purpose, subject to section 9;";

'residential property' means a property included in a valuation roll in terms of section 48(2)(b) [as residential;] in respect of which the primary use or permitted use is for residential purposes without derogating from section 9;'

'ratio', in relation to section 19, means the relationship between the cent amount in the Rand applicable to residential properties and different categories of non-residential properties: Provided that the two relevant cent amounts in the Rand are inclusive of any relief measures that amount to rebates of a general application to all properties within a property category;"; and

PRESCRIBED RATIOS

Residential properties	01:01
Undeveloped vacant residential properties	01:02
Business and Commercial properties	01:02
Undeveloped vacant business and commercial properties	01:02.5
Industrial properties	01:02.5

The agricultural property ratio in the regulations takes into account the matter that are contained in the deleted subsection 3(4), therefore there is no further obligation on a municipality to give futher rebtes, exemption or reduction over and above the prescribed ratio.

3. CHARGES FOR ELECTRICITY SUPPLY

The municipality must, as a licensed distributor, submit distribution forms to NERSA for the evaluation of the tariff increase application. The proposed tariff increase has not been determined by NERSA yet an the proposed or approved increment will be implemented whilst NERSA is considering our application. As the municipality we The municipality must implement an electricity Block tariff with effect from 1 July 2024. The High season will be from May till August.

E. CONNECTION FEES

D.

Connections within the municipal boundaries, as well as the temporary consumers and pre-

paid consumers will be liable to the following stipulations:

E.1 A levy is payable by the consumer for every connection to the main supply of the Municipality and such levy will include all costs of material, labour, administration, transport, testing and engineer's services made by the Council to complete the connection. The costs will be determined by the Manager:

- E.2 The consumer's main supply cable will be connected to the supply cable of the Council.
- E.3 A bulk consumer must build a suitable building for a substation with a separate suitable room to house the switch gear and meter equipment of the Council when required by the Manager Technical Services.
- E.4 The construction and situation of each connection must be approved by the Manager Technical Services of the Council.
- E.5 Penalties for excedding demand charge

a. Any form of scene safety including cones and regulating of traffic							
b. Safety of the vehicle / s were ensured, which include the cutting of the battery cables $ \\$							
c. Fires: where a fire was extinguished before arrival but an investigation was done to ensure the house / building is safe							
4. Utilisation Tariff will be rendered to the vehicle where work was done with the following equipment							
Hydraulic rescue set Positive pressure ventilator							
· Carburandum Disc cutter							
Power saw Reciprocating saw							
· Motorised break-in equipment							
Fires: Any equipment used to extinguish the fire Portable pumps							
Utilisation of Specialised Equipment tariff apply for Specialist rescue operations (High Angel, Swift Water, Urban Search and Rescued, Mountain							
Rescue, Diving)							
a. Deliver of expert services in specialised fires							
A maximum restriction of R6 000.00 (VAT included) is placed per private							
household for fire and rescue services.	R	8 051.15	R	8 534.22	R	9 046.27	
Exclusions							
Fees are also applicable to all Council, Provincial and National Departments except the Office of the Mayor, Office of the Premier and office of the President.							
The fees do not apply to grass, veld and rubbish fires on vacant Erf / Erven within the Rustenburg Local Municipality area.							
Persons registered on the Council's Indigents Register will be exempted from paying costs for fire and rescue services.							
Members of registered Fire Protection Associations established in terms of the National Veld and Forest Act, 1998 (Act 101 of 1998) will be exempted from paying any fees for fire services.							
Informal residences i.e. a residence that does not receive any municipal services i.r.o electricity, water, waste removal and waterborne sewerage will be exempted from paying fees for fire services with regard to house fires.							
Tariffs for making available fire and rescue equipment and rendering a standby service and events							
For all standby services at events a full tariff for all the vehicles on standby, will be issued for the total of hours on standby.							
2. All special services will receive full accounts							
The Municipality may withdraw such equipment at any time should the Municipality need it elsewhere.							
Note:							
1. The time is calculated from arrival to departure							
2. Utilisation cost includes cost of personnel and equipment							
3. A single tariff per vehicle per hour is charged.							

Utilisation of material			
The tariff for material used is cost plus a surcharge of 15%. Provided that in respect of material for which the Municipality has determined a tariff, that tariff shall apply in accordance with Section 14 (urgent cases) Fire Brigade Services (Act 99 of 1977)			
Renting out of equipment outside the jurisdiction area of the Municipality			
The tariffs as set out in this Annexure plus a surcharge of 50%.			
C. ADJUSTMENT IN FEES PAYABLE TO THE SERVICE AS CONTEMPLATED IN CLAUSES A AND B OF THIS ANNEXURE			
The Service must ensure that all fees referred to in clauses A and B of this Annexure are adjusted to keep trend with inflation according to the Consumer Price Index (CPI).			
GENERAL DIRECTIVES FOR THE PAYMENT OF THE ABOVE FEES			
 All certificates of registration, certificates of fitness and/or spraying permits will be valid for twelve (12) calendar months. A written application for the renewal of the certificate or permit must reach the Service at least one calendar month prior to the expiry thereof. 			
2. When application is made for registration, the appropriate application form, correctly completed in full, must be accompanied by the prescribed fees.			
3. All the appropriate application forms are available from the Service and must be completed in full and, where applicable, be duly signed.			
4. If, for whatever reason, the Service rejects an application for any certificate of registration, certificate of fitness or any permit, the applicant must, within 14 days (excluding weekends and public holidays) of the date of rejection, take corrective steps to ensure that the document in question is issued at no additional cost, failing which the applicant must pay the prescribed fees again.			
 (a) The tariff for premises that are liable to registration in respect of paragraph or (3), or a combination of them, will be a single fee of R700,00, irrespective of the combination of items: 			
Provided that such combination applies to one premises and is under the same control.			
(b) If there are different divisions and/or affiliates within a business and/or company situated on the same premises but each division and/or affiliate is managed separately, each division and/or affiliate is liable to registration separately.			
i. All monies are payable in advance. ii. All fees are also applicable to Council.			
 All relevant application forms are available at the Emergency Services Department (Fire Brigade Services) and must be completed in full and where applicable, signed properly. 			
7. If certificates and/or spray/transport permits are refused, the applicant must take remedial steps within 14 days in order for the re-inspection to be free of charge and to ensure the issuing of the relevant registration certificate or permit. Failing this, the prescribed tariffs will again be payable in full.			
Restoration of lapsed certificate (each year certificate has not been renewed) R700, 00 (including VAT) plus current year registration fee
