- 6.1 Disbursements / travelling costs shall be kept to actual costs (up to maximum of 10% of the Total). The onus rest with the PSP to provide original proof of expenditure. Failure to prove actual expenditure may result in the claim being rejected.
- 6.2 The proposal must also include cost for 'provision on landfill sites'; deeds download; etc. in their total costs in item 7 above. PSP will be expected to share the complete set of information regarding the 'deeds download' so to minimize costs/duplication on related services such as valuation roll.
- 6.3 PSP must provide the total cost of the project and not provide estimates as this makes it difficult to compare prices during evaluation. For example, a PSP who quote R750 000 and then indicate/states that "additional hours will be billed at actual costs" [to which cost to such hours cannot be determined at the evaluation stage will be eliminated]. Thus, if PSP quote R750 000, the project must be executed fully at the maximum cost of R750 000. Thus, if PSP quote R750 000, the project must be
 - executed fully at the maximum cost of R750 000. Therefore, if the total price for the services cannot be determined at the evaluation stage, PSP will be regarded as non-responsive and be eliminated.
- 6.4 Travelling / claim for kilometers must be quoted at the rates as provided by the Department of Transport on a month-to month basis for private vehicles.
- 6.5 Criteria to determine functionality will entail: qualification and skills based on project personnel's curriculum vitae; reference of similar work / general experience in compilation of FAR; experience in compiling FAR specifically for local municipality; methodology of compiling the FAR, preparation of the audit file and skills transfer plan; etc. [the full details are entailed in the latter part of this section].
- 6.6 All invoices will be accompanied by a Progress Report and the Municipality has up to 30 days to make payment (from date of receipt of invoice and not from invoice date as Service Provider sometimes fail to submit invoices on time);

PSP will be subjected to functionality and technical capability / ability of the PSP to perform / render the required services successfully. PSPs who scores less than 70% at this stage will not qualify for the next stage;

- The municipality understands that companies [as juristic persons] do not compile FAR but the individual employees [natural person] compile FAR. Accordingly, major emphasis will be on the individual employees to be seconded to the project. This is to guard against companies which have a proven track record over the years, to which there is no more adequate skills/personnel to sustain such. Nonetheless, the municipality also understand that companies [juristic person] may hold methodologies that have proven to be successful into FAR compilation. Accordingly, such will also be considered in the evaluation/adjudication. Also take note of the following points:
 - • The municipality reserves the right not to accept the bidder with the lowest price.

MBD 6.2**DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT FOR DESIGNATED SECTORS**

This Municipal Bidding Document (MBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2011 and the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:2011 (Edition 1) and the Guidance on the Calculation of Local Content together with the Local Content Declaration Templates [Annex C (Local Content Declaration: Summary Schedule), D (Imported Content Declaration: Supporting Schedule to Annex C) and E (Local Content Declaration: Supporting Schedule to Annex C)].

1. General Conditions

- 1.1. Preferential Procurement Regulations, 2011 (Regulation 9) makes provision for the promotion of local production and content.
- 1.2. Regulation 9.(1) prescribes that in the case of designated sectors, where in the award of bids local production and content is of critical importance, such bids must be advertised with the specific bidding condition that only locally produced goods, services or works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Where necessary, for bids referred to in paragraph 1.2 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.
- 1.4. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.5. The local content (LC) expressed as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 2011 as follows:

$$LC = [1 - x / y] * 100$$

Where x is the
imported content in Rand
 y is the bid price in Rand excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by the South African Reserve Bank (SARB) at 12:00 on the date of advertisement of the bid as required in paragraph 4.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on http://www.thedti.gov.za/industrial_development/ip.jsp at no cost.

- 1.6. A bid may be disqualified if this Declaration Certificate and the Annex C (Local Content Declaration: Summary Schedule) are not submitted as part of the bid documentation;

- 2.9. **“sub-contract”** means the primary contractor's assigning, leasing, making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:
 - **Includes price quotations, advertised competitive bids, limited bids and proposals.**
 - **Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
