**REDUCTION**

**Amendment of section 1 of Act 6 of 2004, as amended by section 24 of Act 19 of 2008**

1. Section 1 of the Local Government: Municipal Property Rates Act, 2004 (the principal Act), is hereby amended:

(a) by the substitution for the definition of "agricultural purpose" of the following definition:

'agricultural [purpose] property' [in relation to the use of a means property that is used primarily for agricultural purposes but, without derogating from section 9, excludes any portion thereof that is used commercially for the hospitality of guests, and excludes the use of [a] the property for the purpose of eco-tourism or for the trading in or hunting of game;";

'mining property' means a property used for mining operations as defined in the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002);";

'multiple purposes', in relation to a property, means the use of a property for more than one purpose, subject to section 9;";

'residential property' means a property included in a valuation roll in terms of section 48(2)(b) [as residential;] in respect of which the primary use or permitted use is for residential purposes without derogating from section 9;'

'ratio', in relation to section 19, means the relationship between the cent amount in the Rand applicable to residential properties and different categories of non-residential properties: Provided that the two relevant cent amounts in the Rand are inclusive of any relief measures that amount to rebates of a general application to all properties within a property category;"; and

**PRESCRIBED RATIOS**

Residential properties	1:01
Undeveloped vacant residential properties	1:02
Business and Commercial properties	1:02
Undeveloped vacant business and commercial properties	01:02.5
Industrial properties	01:02.5

The agricultural property ratio in the regulations takes into account the matter that are contained in the deleted subsection 3(4) , therefore there is no further obligation on a municipality to give further rebates. exemption or reduction over and above the prescribed ratio.

3. **CHARGES FOR ELECTRICITY SUPPLY**

The municipality must, as a licensed distributor, submit distribution forms to NERSA for the evaluation of the tariff increase application. The proposed tariff increase of 7.8% (pending) can be implemented whilst NERSA is considering our application. The municipality must implement an electricity Block tariff with effect from 1 July 2021. The High season will be from May till August.
