## 1. **MAYORS REPORT**

**2019/2020 BUDGET SPEECH BY THE HIS WORSHIP, MAYOR OF THAABZIMBI LOCAL MUNICIPALITY, CLLR JM FISCHER DELIVERED AT TLM COUNCIL CHAMBER ON 30<sup>th</sup> MAY 2019 AT 10:00.**

**Honourable Speaker of the council of TLM, Dr LH Joubert;  
Our Chief Whip, Cllr Piet Strydom;  
Members of our Executive Committee;  
Fellow Councillors;  
Municipal Manager  
Senior Managers and other officials  
Leadership of different political parties represented in Council  
Our stakeholders and members of the community;  
Ladies and Gentlemen,**

Good morning.

Honourable Speaker, I rise before this august house and the beloved residents of Thabazimbi Local Municipality this morning with a great sense of humility for the opportunity afforded to me to present the 2019/2020 budget speech.

Honourable Speaker, I believe that we went to elections with different mandates in our manifestos, however, above everything we were given a clear similar mandate by the community that we serve. That mandate was to simply deliver sustainable services in accordance with the constitution and legal framework that regulates local government.

Honourable Speaker during this financial year we will focus on investigating ways of in sourcing some of the services which were outsourced in previous years in order to address the issue of unemployment in our municipality.

Fellow Councillors, the budget I am about to table is a product of various interactions we have had with our beloved residents and stakeholders. The process started when we across the area of Thabazimbi in order to hear inputs from our residents and stakeholders. After listening to our people, we moved on to finding the best possible strategies to accommodate those inputs in this budget during the process of its compilation.

Honourable Speaker, I must say that those interactions were so enriching. I would gladly be the first to declare my willingness to participate if we were to start this process once again. I know the same goes for all Councillors, especially the ward Councillors who have been part of this process as leaders of all 12 wards that make up this municipality.

Fellow Councillors, “the budget is the municipality’s financial plan which indicates how much money will go towards each of the activities outlined in the IDP of the municipality” I would like to add that it is also a management tool with which we measure the performance of our senior managers.

After the adoption of this budget, it will become the financial plan of the municipality for the next twelve months until we start with the similar process in July 2020 for the financial year 2020/2021. Throughout the twelve months we will all be expected to spend within the financial limits or allocations as contained in this budget for us to be able to get a favourable audit opinion for the financial year under review.

Honourable Speaker, I would be failing in my responsibility not to assure our residents that we are committed to working together as Councillors of this Municipal Council to find ways of mutual co-operation amongst us in order to drive this municipality forward. We will focus on the things which bring us together for the good of our community than to pay attention to the things that set us apart.

In spite of the challenges our residents face on a daily basis, they have not been tempted into engaging in service delivery protests with the hope that their challenges will receive immediate attention. Rather, our residents converse with their Councillors to find lasting solutions to their challenges. For this, we would like to thank our residents. Our doors are open for any resident to call at any time for the municipality’s intervention on case by case basis should the need arise.

Honourable Speaker let me take this opportunity to thank all councillors and officials who worked tirelessly during IDP and public participation process, special thanks to the administrative staff who gave a good support during this process and similarly our special thanks goes to the Municipal Manager, Mr TG Ramagaga for ensuring that we succeed in our work during the budget processes.

Honourable Speaker, I now would like to table a few highlights from the 2019/2020 financial year’s budget.

The Total operating revenue budget for the 2019/ 20 financial year is R 371 million and total operating budget is R 401 million. The Capital budget for the 2019/20 budget is R 63 million.

Thabazimbi Local Municipality will be receiving operating grants to a total of R 106 million. This figure comprises of R93 million for equitable share; R2.6 million from FMG; R1.1 million for EPWP and R9 million from the Integrated National Electrification Programme.

Honourable Speaker, with limited resources, we have managed to present a budget that is funded as required by the municipal budget regulations.

Townships will be prioritized according to community needs as highlighted in the IDP document.

**The following infrastructure projects will be implemented from our capital budget:**

Honourable speaker, we acknowledge the fact that Infrastructure development is one of the catalysts of local economic development and investor attraction.

The total budget for the completion of internal roads and storm water projects amounts to R 21.8 million. Three projects will be carried out through this budget, namely, paving of internal streets in Raphuti as well as the upgrading of internal streets in Northam Extension 7 phase 1 and 2.

Provision has been made for public facilities to the amount of R9.7 million to upgrade the Northam Sports Facility.

Water is a source of life thus remains a key priority of the municipality. We have allocated an overall amount of R 51 million for water projects.

The allocation of the R51 million are as follows:

- Thabazimbi/Regorogile - R 18.6 million
- Rooiberg - R 15.3 million
- Leeupoort/Rhaputi - R 2.8 million
- Northam - R 9.4 million
- Water Conservation and water demand in Thabazimbi and Regorogile - R 4.7 million

These capital programs that I mentioned above will be funded from the following sources:

- MIG(Municipal infrastructure grant) - R 31.5 million
- DWA(Department of water affairs) - R 51 million

It is important to note that the MIG allocation in the Division of Revenue Act for the 2019/2020 financial year amounts to 33,2 million of which an amount of R1,6 million rand has been allocated to Project Management Unit which leaves an amount of R 31,6million available for MIG projects

With regard to the tariffs we have increased our tariffs for Property Rate with 6 %, Electricity with 13.7%, Water with 12%, Sanitation and Water with 6% and other Revenue with 6%.Rebate for Agricultural Properties is reduced from 75% to 65% as per the meeting held with relevant Stakeholders.

The municipality will be providing free basic services as follows

<b>Service</b>	<b>Free Basic Package per indigent household</b>
Water	6kl per month
Electricity	50kwh per month
Sanitation	100% free per month
Refuse	100% free per month

I would like to emphasize that we need to strengthen the evaluation and monitoring of service delivery projects interrogating monthly performance reports and doing physical inspections through project visits. This intervention would intensify accountability and the ability to detect poor performance at an early stage. We need to ensure maximum performance on all fronts and avoid a roll over and withholding of funds.

Together, we are capable of achieving great success and we will strive for nothing less.

I thank you

### **3. EXECUTIVE SUMMARY**

The application of sound financial management principles for the compilation of the municipal financial plan is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities of Thabazimbi Local Municipality. National Treasury's MFMA Circular No. 89 and 94 were used to guide the compilation of the 2019/20 MTREF.

Thabazimbi Local Municipality received disclaimer audit opinion for 2015/16 and 2016/17; the municipality is currently waiting on the audit opinion for 2017/18. The 2018/19 budget was unfunded however there is an improvement in the 2019/20 budget. The municipality is currently reviewing its Financial Recovery Plan.

#### 4.1 Operating Revenue

Thabazimbi Local Municipality requires sustainable revenue streams in order to improve the lives of its citizens. The municipality must continuously review revenue management processes to ensure that the projected revenue is realized. The municipality should maximize the revenue generating potential of all revenue sources through adequate and effective controls.

The municipality's revenue strategy is built around the following key concepts:

- National Treasury's guidelines in this regard in terms of the relevant Circulars;
- Tariff Policies;
- By-laws
- Efficient revenue management, which aim to ensure better annual collection rates for property rates and other service charges;
- Electricity Municipality tariffs increases as approved by the National Electricity Municipality Regulator of SA (NERSA)
- Determining the tariff escalation rate by calculating the revenue requirement of each service taking into consideration the affordability of these tariffs;

Operating grants and transfers totals to R97.3 million in the 2019/20 financial year, and the allocations are as follows:

- Equitable share - R93 580 000
- Financial Management Grant - R2 680 000
- Expanded Public Works Programme Integrated Grant - R1 105 000

Revenue generated from rates and service charges forms a significant percentage of the revenue basket for the municipality.

**Property Rates:** The figure budgeted for Property rates were calculated on a pro rata method using the actual property rates revenue generated in 2018/19. The actual figure is then increased by 6% which contributes to a property rates figure of R60 million for the 19/2020 financial year. The increase in property rates are also contributed by the supplementary valuation roll.

**Electricity Revenue:** The budgeted amount for electricity revenue for the 2019/20 financial year is R 88.9 million. The total is based on the 2018/19 actual amount which was increased by 13.07%, as provided under the NERSA guidelines.

The municipality anticipates an increase in the electricity revenue due to the installation of the electricity smart prepaid meters.

**Water Revenue:** Water revenue for the 2019/20 financial year is budgeted at R 40 million. The 2018/19 actual revenue generated amount was increased by 12%, which reflects a mark-up of 100 basis points above the Magalie's Water annual price increase of 11.34%.

**Sanitation and Refuse:** The increase and decrease in sanitation and refuse respectively, was calculated based on the actual revenue generated in 2018/19. A tariff increase of 6% will be applied for sanitation and refuse. Sanitation and refuse amounts to R27 million and R20 million respectively for the 2019/20 financial year.

**Indigent Support:** The municipality will be providing free basic services as indicated in the table below:

Service	Free Basic Package per indigent household
Water	6kl
Electricity	50kwh
Sanitation	100% free
Refuse	100% free

The free basic services will be implemented as per the municipality's indigent policy. The indigent register is updated annually and the policy is reviewed annually.

**Interest Earned:** interest earned on external investments have decreased from the 2018/19 financial year to R25 thousand in the 2019/20 financial year. Interest earned on outstanding debtors has increased to R27 million in the 2019/20 financial year.

**Other Revenue:**

<b>Other Revenue 2019/2020</b>

The municipality's framework for the 2019/20 budget and MTREF is informed by the following:

**Employee Related Costs:** The figure for employee related costs has decreased from the adjustment budgeted amount due to the over budgeting of employees related costs in previous years. A 6.5% increment is forecasted based on the bargaining council agreement; however savings will be expected in 2019/20 on the overall employee costs due to significant cost containment measures that are expected from the reduction of unnecessary overtime claims. Thus, all managers are expected to monitor and restrict overtime and uncontrolled travelling of employees to minimum levels.

Provision has been made for critical vacant positions for the 2019/20 financial year.

**Remuneration of Councillors:** The amount budgeted for Councillors for the 2019/20 financial year has a growth rate of 6.5% which the municipality used to account for an expected increase in upper limits during the 2019/20 financial year.

**Bulk Purchases:** The amount of R 119 million is made up of electricity and water bulk purchases. The figure budgeted for electricity is R 84.1 million and for water is R35.8 million. The bulk water and electricity suppliers have proposed increases of 11.34% and 15.63% respectively.

Thabazimbi Local Municipality has entered into an agreement with Eskom and Magalie's Water in relation to historic debt, for which provision was made for in the 2019/20 budget.

**Provision for depreciation and asset impairment:** Has been informed by the municipality's Asset Management Policy. Table A1 is a budget summary and provides a concise overview of the municipality budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).

The table provides an overview of the amounts approved by Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's commitment to eliminating basic service delivery backlogs.

Financial management reforms emphasize the importance of the municipal budget being funded. This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:

The operating surplus/deficit (after Total Expenditure) is positive over the MTREF Capital expenditure is balanced by capital funding sources, of which transfers recognized is reflected on the Financial Performance Budget;

### Explanatory notes:

Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas which enables the National Treasury to compile 'whole of government' reports.

### Explanatory notes:

Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per municipal vote. This table facilitates the view of the budgeted operating performance in relation to the organizational structure of the Municipality. This means it is possible to present the operating surplus or deficit of a vote.

#### Explanatory notes:

Table A6 is consistent with international standards of good financial management practice, and improves understandability for councilors and management of the impact of the budget on the statement of financial position (balance sheet).

This format of presenting the statement of financial position is aligned to GRAP 1.

### Explanatory notes:

The budgeted cash flow statement is the first measurement in determining if the budget is funded.

It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.

### **Explanatory notes:**

The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.

In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.

The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded".

## **6. OVERVIEW OF THE ANNUAL BUDGET PROCESS**

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee (BSC) to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Steering committee must consist of at least the following persons:

- a) The councillor responsible for financial matters;
- b) The municipal manager;
- c) The chief financial officer;
- d) The senior managers responsible for at least the three largest votes in the municipality;
- e) The manager responsible for budgeting;
- f) The manager responsible for planning; and
- g) Any technical experts on infrastructure

Thabazimbi Local Municipality has an established BSC that embodies all the requirements as set out in the MFMA. The principles applied to the MTREF and presented to the BSC were informed by scenarios of sensitivity analysis against various scenario options over the short, medium and long -term. These scenarios are based on revenue and expenditure parameters applied to current financial plans and are utilized to calculate the affordability and sustainability of the municipal budget over the medium to long term

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality chaired by the Municipal Manager.

The primary aims of the Budget Steering Committee are to ensure:

That the process followed to compile the budget complies with legislation and good budget practices;

- that there is proper alignment between the policy and service delivery priorities set out in the municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- That various spending priorities of the different municipal departments are properly evaluated and prioritized in the allocation of resources.

The budget process plan was adopted in August 2018. The implementation and achievements of set deadlines was monitored in the budget steering committee meetings. The municipality deviated on some activities and deadlines indicated in the budget process plan.

## **7. OVERVIEW OF THE ALIGNMENT OF ANNUAL BUDGET WITH THE IDP**

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realized through a credible integrated developmental planning process.

Municipalities in South Africa need to utilize integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents.

Integrated developmental planning in the South African context is amongst others, an approach to planning aimed at involving the municipality and the community to jointly find the best solutions towards sustainable development. Furthermore, integrated development planning provides a strategic environment for managing and guiding all planning, development and decision making in the municipality.

It is important that the IDP developed by municipalities correlate with National and Provincial intent. It must aim to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in that area. Applied to the Municipality, issues of national and provincial importance should be reflected in the IDP of the municipality. A clear understanding of such intent is therefore imperative to ensure that the municipality strategically complies with the key national and provincial priorities.

The IDP drives the strategic development of the Municipality. Thabazimbi Local Municipality's budget is influenced by the strategic objectives identified in the IDP. The service delivery budget implementation plan (SDBIP) ensures that the Municipality implements programmes and projects based on the IDP targets and associated budgets.

## **8. MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS**

Performance Management is a system intended to manage and monitor service delivery progress against the identified strategic objectives and priorities. In accordance with legislative requirements and good business practices as informed by the National Framework for Managing Programme Performance Information, the municipality has developed and implemented a performance management system of which system is constantly refined as the integrated planning process unfolds. The Municipality target, monitors, assesses and reviews organisational performance which in turn is directly to individual employee's performance.

At any time within government, information from multiple years is being considered; plans and budgets for next year; implementation for the current year; and reporting on last year's performance. Although performance information is reported publicly during the last stage, the performance information process begins when policies are being developed, and continues through each of the planning, budgeting, implementation and reporting stages. The planning, budgeting and reporting cycle can be graphically illustrated as follows:

- Reporting (what information, to whom, from whom, how often and for what purposes); and
- Improvement (making changes where necessary).

The performance information concepts used by the municipality in its integrated performance management system are aligned to the Framework of Managing Programme Performance Information issued by the National Treasury

## **9. BUDGET-RELATED POLICIES**

The Municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

The municipality's budget-related policies, as will be considered for approval by Council have been reviewed and the policies are attached to this document as annexures:

Annexure 1 – Tariff Book 2019/20

Annexure 2 – Property rates policy 2019/20

Annexure 3 – Virement Policy 2019/20

Annexure 12 – Funding and Reserves Policy 2019/20

## **10. OVERVIEW BUDGET ASSUMPTIONS**

To prepare meaningful budgets, assumptions need to be made about internal and external factors that could influence the budget. This budget is premised on an 80 per cent collection rate.

### **General inflation outlook and its impact on the municipal activities**

The revised headline CPI forecasts from National Treasury for 2019/20, 2020/21 and 2021/22 are 5.2%, 5.4% and 5.4% respectively. These growth parameters do not apply to tariff increases for property rates, user and other charges raised by municipalities.

### **Rates, tariffs and charges**

The following table shows the assumed average domestic percentage increases built into the MTREF for rates, tariffs and charges:

<b>Tariffs</b>	<b>Proposed tariff increases 2019/20</b>
Rates	6%
Water	12.34%
Electricity	13.07%
Sewerage	6%
Refuse	6%

The base assumption is that tariff and rating increases will increase at varying rates at or above the CPI over the long term. It is also assumed that current economic conditions, and relatively controlled inflationary conditions, will continue for the forecast term.

## **11. LEGISLATION COMPLIANCE STATUS**

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

**In year reporting** - Reporting to National Treasury in electronic format has seen a marginal improvement since the turn of the year. Section 71 reporting to the Mayor (within 10 working days) has progressively improved and includes quarterly published financial performance on the municipality's website.

**Internship Programme** - The municipality is participating in the Municipal Financial Management Internship programme and has employed five interns undergoing training in various divisions of the Budget and Treasury Office.

**Budget and Treasury Office** - The Budget and Treasury Office has been established in accordance with the MFMA.

**Audit Committee** - An Audit Committee has been established and is functional.

## **12. OVERVIEW OF THE BUDGET FUNDING**

Section 18(1) of the MFMA requires the budget of a municipality to be funded from-

(i) Realistically anticipated revenues to be collected;

- (ii) Cash-backed accumulated funds from previous years' surpluses not committed for other purposes; and
- (iii) Borrowed funds, but only for the capital budget referred to in Section (17) (2) of the MFMA.

This budget has been prepared taking into cognizance the requirements of the abovementioned section. Revenue was estimated using a collection rate of 80% to billings. The capital budget is funded out of grants received from National Treasury. The 2019 Division of Revenue Bill allocations to Thabazimbi Local Municipality are as follows for 2019/20 – 2021/22.

### **Grant allocations over the MTREF**

<b>Grant type (R'000)</b>	<b>2019/20</b>	<b>2020/21</b>	<b>2021/22</b>
Equitable share	R 93,580,000.00	R 102,628,000.00	R 112,789,000.00
Finance Management Grant	R 2,680,000.00	R 3,112,000.00	R 3,376,000.00
Municipal Infrastructure Grant	R 33,228,000.00	R 34,932,000.00	R 37,383,000.00
Extended Public Works Programme	R 1 105 000.00	-	-
Integrated National electrification Program	R 9 000 000.00	-	-
Water Services Infrastructure Grant	R 30 000 000.00	R 30 000 000.00	R 30 200 000.00

These grants are explained below:

**Equitable Share** - The equitable share is an unconditional grant and is used for institutional capacity and to support the indigents;

**Local Government Financial Management Grant** - This grant is a conditional grant and can only be used for capacity building and Internship Programme;

**Municipal Infrastructure Grant (MIG)** - This is a conditional grant for municipal infrastructure; and

**Water Services Infrastructure Grant** - To facilitate the planning and implementation of various water and sanitation projects to accelerate backlog reduction and improve the sustainability of services in prioritized district municipalities, especially in rural municipalities; provide interim, intermediate water and sanitation services that ensure provision of services to identified and prioritized communities, including through spring

protection, drilling, testing and equipping of boreholes and on-site solutions; to support drought relief projects in affected municipalities.

### **Funding of capital expenditure**

The budget for capital expenditure is funded from capital transfers.

### **Financial recovery plan**

A financial recovery plan will be reviewed to be implemented upon approval by council. The implementation of the plan will improve the financial sustainability of the municipality.

Council takes cognizance of the fact that this municipal budget is unfunded based on the budgeted cash deficit, due to a poor cash collection rate, high expenditure rate and financial commitments such as Eskom, Magalies and other major creditors as well as Unspent conditional grants which must be cash backed.
