

TLM MAYOR, CLLR JM FISCHER SPEECH DURING WASTE MANAGEMENT EQUIPMENT HANDOVER BY PPC DWAALBOOM MINE HELD ON 14 SEPTEMBER 2021 AT THABA PARK STADIUM AT 10:00, THABAZIMBI

Programme Director,

Fellow Councillor's present,

The acting MM of TLM and your Management Team

The General Manager of PPC Dwaalboom mine, Mr FN Mashimbye

All officials from PPC Dwaalboom Mine

All stakeholders,

Good Morning, Dumelang, Goeiemore!!!!

It is with great pleasure to be part of this important occasion of the official handover of the Waste Management Equipment. This handover is a great milestone and it further reiterates the significance and importance of integrated waste management.

We are gathered here today to receive officially the equipment's from one of our stakeholders, PPC Mine. The brand new Front End Loader and Skip Bins, according to authorities, is out of donations requested by the Municipality.

The mine's timely intervention to the local authority had been a delight, especially during times of dire need. The relationship between our Municipality and PPC mine comes a long way as a strong partner on developmental and infrastructural projects aimed

at improving services. The mine has in the past donated cherry picker to the municipality in August 2020, assisted TLM by servicing mini substation transformers, and replaced electrical motor control panels with the new ones at Thabazimbi water pump station. Those are some of the service delivery projects that were done in partnership with the PPC mine.

Our Constitution guarantees all citizens a right to an environment that is not harmful to their health and well-being and to have the environment protected for the benefit of present and future generations. Our partnership with PPC mine is an efforts of giving effect to this right.

In conclusion, I would like to thank PPC mine for their good gestures in donating the waste management equipments. To our officials, epically the management team, please look after the equipments and take care of them. These equipments belongs to you now. Ensure that you guard jealously against anything or anyone that might seek to damage them.

I also would like to thank all stakeholders involved for the sterling work put in this project.

I thank you.
