All stakeholders present here,

Good morning, Dumelang!!!!

It is with great pleasure to welcome you all on this important occasion of the official handover of the Waste Management Equipments that will be followed by the handing over of Regorogile reservoir here in our municipality. This handover is a great milestone and it further reiterates the significance and importance of integrated waste management. We are gathered here today to receive officially the equipment's from one of our stakeholders, Anglo American Platinum Mine, Amandelbult Complex.

A special welcome to our son of the soil, Executive Mayor of Waterberg District, Ntate Morris Mataboge, you are most welcome EM, Also special welcome to Mme Yvonne Mfolo, the Executive Head of Sustainable Impact in Amandelbult and all stakeholders that are here you are warmly welcomed.

Let me also indicate our partnership with Anglo American Platinum, Amandelbult Complex comes a long way as a strong partner on developmental and infrastructural projects aimed at improving quality services to our people.

Programme Director; the mine has in the past assisted our Municipality infrastructure more especially during our unplanned water and electricity infrastructures, the removal of illegal dumps at Meriting informal settlement.
