Programme Director
Fellow Councillors
All officials present here
All stakeholders
Our members of the community present
Ladies and Gentlemen

Good morning!!! Dumelang!!!

Let me take this opportunity to officially welcome you all to our Municipality especially here in Northam. I am also happy to welcome our community members present.

We are proud to host you in this Integrated Community Registration Programme. We are also aware that the aims of ICROP are to ensure that services are extended to the beneficiaries to reduce overcrowding and to improve customer relations at pay points and local offices.

Lastly, you are all welcome especially the Department of SASSA as they are the custodian of this programme. I want you all to feel at home and enjoy your stay in our area.

Let us all have a peaceful day.

I welcome you, thank you.
